

# Chemac Inc. Presents UREA/UAN 2019 Training Seminar!

Join us in San Antonio, Texas for beneficial training in the UREA/UAN industry with key note speakers.

**ATTN: Maintenance engineers, QC service technicians, plant managers, design engineers, plant maintenance, design teams & machinists for existing plants and newly constructed UAN plants utilizing ammonia & carbamate applications.**

San Antonio celebrates the Tricentennial anniversary of its founding.

San Antonio has been ranked by Conde Nast Traveler as the #2 U.S. travel destination, and the #9 worldwide destination. It has been called "every Texan's favorite city," and Will Rogers dubbed San Antonio as "one of four unique cities in America."

The Alamo is unquestionably the most famous of the five Spanish missions that make up the San Antonio Missions World Heritage Site.
