

# 2017 CHEMAC, INC. NORTH AMERICAN UREA/UAN EQUIPMENT TRAINING SEMINAR

## What Kind of Training?

The 2017, two-day seminar covers high pressure reciprocating pumps, centrifugal transfer pumps, valves, sealing equipment, and discussion forums for ammonia and carbamate service. Topics cover troubleshooting, maintenance, design modifications, latest technology, and improving life of equipment. The goal is to help you improve the life and safety of your equipment while keeping production running at maximum efficiency. Learn from our select team of specialists to reach these goals for your plant.

## Who Should Attend?

Maintenance engineers, QC service technicians, plant managers, design engineers, plant maintenance and design teams/machinists for existing plants and new construction UREA/UAN plants.

## When & Where?

March 6-9, 2017 @ The Holiday Inn Resort, Pensacola Beach, FL.
