

THE GATHER PIPE AND HOSE QUICK DISCONNECT COUPLINGS

The Gather stainless steel pipe and hose quick disconnect couplings are of the highest quality offering long service and cycle life times. The unique features of the Gather couplings are:

- >Operating pressures from vacuum up to 350 bar (5,400 psi)
- >Temperature range -120 deg C to +325 deg C.
- >Spill free disconnection
- >Nominal diameters available, DN4 to DN250 (1/4" to 10")
- >Universal coding system.
- >Available for liquids and gases.
- >SIP/CIP ($Ra \leq 0.8 \mu m$) & FDA Conforming available.
- >Various connections available, inlet/outlet.
- >Robust long life time with more than 500,000 cycles
- >Multi-purpose designs (STG, KKG and DBG)
- >Excellent chemical resistance due to vast material selection.
- >All couplings TA Luft certified
- >Dust caps and hand grips available
- >Fast delivery.
- >Fast service.

So if your other quick disconnect couplings are giving you problems, then it's time to step up to the Gather quick disconnect coupling. For more information on available sizes, material combinations and performance characteristics, visit www.chemacinc.com.
